

Tuning Tools for ECU Re-Flashing

XRT offers remote tuning capabilities and once you have a Laptop and the Tactrix Openport 2.0 cable, you can tune your car with our help.

You will be able to log the car, send us the logs, we will make the corrections and resend you a tune. The logging cycle starts all over again until the car is finish tuned.

Please view the following link of XRT customers reviews on remote tuning and XRT capabilities:- <http://xtremeracingtuning.com/forum/viewforum.php?f=48>

Some levels of tuning (Stage 2+ for Turbocharged tuning and Custom Tuning) require additional tools like the Innovate Wideband and an Exhaust Gas Temperature (EGT) Gauge. Those additional tools will be listed further into this document.

Tools

Laptop	Any latest version of laptop will do, since most of the power is needed for logging. Any up to date laptop will also work.
Cable	Tactrix OpenPort 2.0 http://www.tactrix.com/index.php?option=com_virtuemart&page=shop.product_details&flypage=flypage.tpl&product_id=17&Itemid=53
Reflashing Adaptors	For WRX/STI 2001+, you will need the following connectors. Make that selection when ordering the Tactrix Cable.
Logging Software	RomRaider http://www.romraider.com/RomRaider/Download Logging Definition for RomRaider http://www.romraider.com/forum/viewtopic.php?t=1642&start=1
Flashing Software	ECUFlash http://www.tactrix.com/index.php?option=com_content&view=category&layout=blog&id=36&Itemid=58
Wideband*	Innovate MTX-L Wideband Air/Fuel Ratio Gauge– Works with Romraider http://www.innovatemotorsports.com/products/MTXL.php http://www.innovatemotorsports.com/products/dlg1.php
EGT*	http://www.innovatemotorsports.com/products/MTXD.php#3854
Teamviewer	For the instant customer: TeamViewer QuickSupport http://www.teamviewer.com/download/TeamViewerQS.exe

*Optional – Only required for Stage 2 and Custom Tuning
